We Love Like Vampires

Sparks the Rescue

You move through my body like an ocean
Didn't take you long to get to my heart
I stood on your porch in the commotion
Of the bustling city and it's busy heart
Well i sat in your room and played my six string
Laid back and stared up at your ceiling
Well your hair looked so good over my shoulder
Now we're getting older, time has no hold on me
But she's got
She's got control over meTonight has lasted long enough
(The sun is coming)
From dusk 'till dawn we tear it up
(The sun is coming out)
I just want to hear your sounds
(We love like vampires)
Down to the undergroundI think that I've lost all of my feelings
Well, I think it's you that last all of the meaning
When the world turned around and around yeah
The love that we found has gone drifting away
She's always drifting
She's alwasy drifting awayTonight has lasted long enough
(The sun is coming)
From dusk 'till dawn we tear it up
(The sun is coming out)
I just want to hear your sounds
(We love like vampires)
You'll be lost and never found
(Down to the underground)You know i said you never
You know i said
You know i say it so well
You know i said you never fight fair
Your always jumping on my back
You bit my neck like a bad habit,
Yeah now it's all coming backTonight has lasted long enough
The sun is coming
From dusk 'till dawn we tear it up
The sun is coming out
I just want to hear your sounds
We love like vampires

You'll be lost and never found
Down to the underground
