

She's Got Standards

The Rifles

If you're a new band breaking be aware cause she won't be far behind

But if you've got no airplay she won't care and you better move aside

She'll be down south top ten in her mouth in the blink of an eye

She'll be top draw on the backstage floor till the new band arrives
Ooh she's got standards but your call if your
at twenty five

Ooh she's got standards till you put the twinkle in her eye

So you better cover up boy If you're a new band breaking be aware cause she'll never leave your side

Cause if the n.m.e. say your so cool and they really like your style

She'll be down south top ten in her mouth with the blink of an eye

She'll be top draw on the backstage floor till the new band arrives
Ooh she's got standards but your call if your
at twenty five

Ooh she's got standards till you put the twinkle in her eye

So you better cover up boy
