Daddy Issues

Trisha Paytas

All my life I been a good little girl
All my life I hid myself from the world
-
Desperate for love
Silently seeking attention
And other things I'd rather not mention

Don't look at me
I don't wanna be seen
Something's the matter with me
(x2)

I got
Daddy Issues
That's all that I've been hearing
I got
Daddy Issues
Nobody bothers listening
To my
Daddy Issues
So I'm gonna keep on living life this way (hey!)
Life this way (hey!)
Life this way (hey!)
Life this way (hey!)

All my life I been so different
All my life I been resistant
-
To the man
To show I can
Survive in this world alone

Don't look at me
I don't wanna be seen
Something's the matter with me
(x2)

I got
Daddy Issues

That's all that I've been hearing
I got
Daddy Issues
Nobody bothers listening
To my
Daddy Issues
So I'm gonna keep on living life this way (hey!)
Life this way (hey!)
Life this way (hey!)
Life this way (hey!)

I'm reckless
Helpless
I'm a mess
-
Hopeless
Loveless
I confess
-
I just wanna be hugged
I just wanna be loved
And do what it takes
To feel alive
I'll take your life

I got
Daddy Issues
That's all that I've been hearing
I got
Daddy Issues
Nobody bothers listening
To my
Daddy Issues
So I'm gonna keep on living life this way (hey!)
Life this way (hey!)
Life this way (hey!)
Life this way (hey!)
