

Pride In Place

Randall Bramblett

I got a bad feeling that I'll never be satisfied
There'll always be something
Try to bring me down inside
Ain't no words for the way I feel
Lookin at your photograph
You know I've got to walk away
Just to keep my pride in place Oh oh, I got to keep my pride in place
Oh oh, nobody take my pride away There's nothing to see here
'Cept the wreckage of a poor man's dream
Ain't nothin but trouble
Tryin to fit in someone else's scheme
I got no words for the way I feel
Standin in the knee high grass
I swear I'm 'bout to blow away
Watchin the shiny cars go screamin past Oh oh, I got to keep my pride in place
Oh oh, nobody take my pride away When you want to love somebody
With all your damaged soul
You don't want to know about
The fire that started that you can't control Oh oh, I got to keep my pride in place
Oh oh, nobody take my pride away
