

Vampire Money

My Chemical Romance

Well, are you ready, Ray?

Yeah

How about you, Frank?

Oh, I'm there baby How about you, Mikey?

Fucking ready

Well, I think I'm alright One, two, three, four Three, two, one, we came to fuck

Everybody party till the gasman comes

Sparkle like Bowie in the morning sun

And get a parking violation on La Brea till it's done Hair back, collar up, jet black, so cool

Sing it like the kids that are mean to you, c'mon When you wanna be a movie star, c'mon

Play the game and take band real far, c'mon

Play it right and drive a Volvo car, c'mon

Pick a fight at an airport bar The kids don't care if you're all right, honey

Pills don't help but it sure is funny

Gimme, gimme some of that vampire money, c'mon Three, two, one, we got the bomb

Everybody hurry till the tax man comes

Glimmer like Bolan in the morning sun

And get your finger on the trigger

Tap the barrel of the gun Hair back, motherfucker

Jet black, so cool

Sing it like the kids that are mean to you, c'mon When you wanna be a movie star, c'mon

Play the game and take band real far, c'mon

Play it right and drive a Volvo car, c'mon

Pick a fight at an airport bar The kids don't care if you're all right, honey

Pills don't help but it sure is funny

Gimme, gimme some of that vampire money, c'mon One, two, three, four Well, three, two, one, we came to fuck

Everybody party till the gasman comes

Sparkle like Bowie in the morning sun

And get a parking violation on La Brea till it's done Hair back, collar up, jet black, so cool

Sing it like the kids that are mean to you, c'mon When you wanna be a movie star, c'mon

Play the game and take band real far, c'mon

Play it right and drive a Volvo car, c'mon

Pick a fight at an airport bar The kids don't care if you're all right, honey

Pills don't help but it sure is funny

Gimme, gimme some of that vampire money, c'mon

C'mon, c'mon, c'mon, c'mon, on, on, on, on
