

# Lonely Press Play

Damon Albarn

Arrhythmia  
Accepting that you live with uncertainty  
If you're lonely press play  
Die lady die  
The aspects that you pass on when traveling  
When you're lonely press play  
'Cause you're not resolved in your heart  
You're waiting for me  
To improve  
Right here  
When I'm lonely I press playSwimming in blue  
After new year into the mirror she flew  
When I'm lonely I press play  
Can I get any closer  
One anecdote cannot not bring to you  
When I'm lonely I press play  
'Cause you're not resolved in your heart  
You're waiting for me  
To improve  
Right here  
When I'm lonely I press play  
Arrhythmia  
Accepting that you live with uncertainty  
If you're lonely press play  
Can I get any closer  
One anecdote cannot bring to you  
When I'm lonely I press play  
'Cause you're not resolved in your heart  
You're waiting for me
