

Forever

Julie Anne San Jose

[Verse 1]

I've been looking back
On everything, everything we had
Must have been out of my head
To say those things,
Say those things I said.[Chorus]
Now how do I go back
I know I can't.
Need a time machine
To rewind what I said.
It didn't sound right
It wasn't what I meant.
The way I felt it,
I want you to know that
I loved you and I did try
Wish we hadn't say goodbye
'Cause I love you forever and ever.[Verse 2]

I just can't forget
The promises we walked away and left
Memories pulled me back,
They go 'round in,
They go 'round in my head.[Chorus]

Now how do I go back
I know I can't.
Need a time machine
To rewind what I said.
It didn't sound right
It wasn't what I meant.
The way I felt it,
I want you to know that
I loved you and I did try
Wish we hadn't say goodbye
'Cause I love you forever and ever.Can I tell you that I was only mad
I never should've turned away from a love like that.
And you... (kept on loving me)
(Kept on loving me)
(Kept on loving me)Can I tell you that I was only mad
I never should've turned away from a love like that.
And you... (kept on loving me)

(Kept on loving me)
(Kept on loving me)[Chorus]
Now how do I go back
I know I can't.
Need a time machine
To rewind what I said.
It didn't sound right
It wasn't what I meant.
The way I felt it,
I want you to know that
I loved you and I did try
Wish we hadn't say goodbye
'Cause I love you forever and ever.Forever and ever...
