

Forgot to Forget

LMNT

I can't keep dreaming
All this pain I'm feeling
All in all, it's that you gone
But why is it taking me so long? How can I move on?
Without your love I'm long gone
Turn back the hands of time
Back to the day when you were mine You and I were once together
I wish we'd stayed forever
My heart can't live without you
Oh girl, can we work it out? 'Cause I can't do this, I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot
To forget about you And I can't turn off, it still runs hot
Feeling the feelings I know I should not
You're my best ex-lover and I still forgot
To forget about you Remember the laughter
We shared with each other
Now it's like a broken heart attack
I'd give anything if you would take me back Girl, I'm so sorry
I didn't mean to hurt you
What I did I cannot explain
I don't know why I was playing games You and I were once together
I wish we'd stayed forever
My heart can't live without you
Oh girl, can't we work it out? 'Cause I can't do this, I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot
To forget about you And I can't turn off, it still runs hot
Feeling the feelings I know I should not
You're my best ex-lover and I still forgot
To forget about you All I wanna do is stop my life and hit rewind
All I wanna do is find you girl and make you mine
Mine once upon a time
Not so long ago I can't forget, you yet
You know I can't do that
The feeling is still too real
To forget about you I can't forget you yet
'Cause where my lonely heart's at
I can't see the good in goodbye

To forget about you, ohh'Cause I can't do this, I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot
To forget about you And I can't turn off, it still runs hot
Feeling the feelings I know I should not
You're my best ex-lover and I still forgot
To forget about you'Cause I can't do this, I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot
To forget about you And I can't turn off, it still runs hot
Feeling the feelings I know I should not
You're my best ex-lover and I still forgot
To forget about you
