

# Lady Of The '80s

## Loverboy

She drives me crazy, she turns me on  
She, she makes me go hazy  
She was long and lean and oh, so beautiful  
She's my latest lady  
My lady of the 80's, oh yeah  
She makes it easy, she makes it hard  
She, she knows how to please me  
She gives me love and ooh, she gives me everything  
She's my latest lady  
My lady of the 80's, oh yeah  
You better leave her alone, you better leave her alone  
You better leave her alone, oh, you better leave her alone  
You better leave her alone, you better leave her alone, oh  
There he was, walkin' down the street, takin' it easy  
Talkin' to that girl of mine, oh yeah  
There he was, takin' it easy, walkin' down the street

Talkin' to that girl of mine, girl of mine  
You better leave her alone, I said leave her alone  
I said leave her alone, oh, I said leave her alone  
I said leave her alone, I said leave her alone, oh  
You better leave her alone, leave her alone  
Leave her alone, oh, you better leave her alone  
You better leave her alone, you better leave her alone, oh  
She's my latest lady  
My lady of the 80's, my lady of the 80's  
She's drivin' me wild, she's my lady of the 80's  
She's makin' me crazy, she's makin' me crazy  
She's drivin' me wild, yeah, oh yeah  
My lady of the 80's, lady of the 80's  
Drivin' me wild, drivin' me wild  
Drivin' me wild, yeah, oh yeah
