

I'm on Your Side

Eliza and the Bear

I run for miles
just to hear you speak
but you're a liar
and you're a cheat

I'm on your side cause I'm a stubborn man and
and when you lie I will, I'll understand

cause you say what you want love
cause you've become someone you swore you'd never be

Ohoh ohohohoh
Ohoh ohohohoh
Ohoh ohohohoh
Ohoh ohohohoh

And I won't lie
I found my only friend
you're in my mind
you're in my head

I'm on your side cause I'm a stubborn man and
and when you lie I will, I'll understand

cause you say what you want love
cause you've become someone you swore you'd never be

Ohoh ohohohoh
Ohoh ohohohoh
Ohoh ohohohoh
Ohoh ohohohoh

I'm on your side cause I'm a stubborn man and
and when you lie I will, I'll understand

cause you say what you want love
cause you've become someone you swore you'd never be

ohoh ohoh
When i'm on your side
ohoh ohohoh
When i'm on your side

you can say what you want love
cause i'm on your side
