

# Thug (feat. YG)

## AD & Sorry Jaynari

[Hook: AD]

You ain't never had a thug

You ain't never had a thug

Beat it all night 'til you had enough

You ain't never had a thug

Buss it down for a cup

Best friend said she only want a blood

You ain't never had a thug

Wait, wait a minute

Wait, wait a minute

You ain't never had a thug

Wait, wait a minute

Wait, wait a minute

You ain't never had a thug[Verse 1: AD]

You ain't never had a thug

Tired of these lame ass niggas in the club

I ain't here to play games, I ain't lookin' for the love

Let your man date you, I'm the one to beat it up

Do it 'till it hurts on the turf, gotta bang mine

Hit you from the back while I'm throwin' up my gang signs

Take you to the hood, let you cruise around the mainline

Hit the blunt and lick the middle at the same time

Damn, bet you never had it that way

Bring your friend, she ain't with it, send her that way

Take a loss, get it back, that's the fast way

And I can still make money on a bad day, wait a minute

Come and fuck with a thug nigga

Only hangin' round with G's and them drug dealers

Look, you need a rider, not a punk

Hit a nigga line, give it to you what he want[Hook: AD]

You ain't never had a thug

You ain't never had a thug

Beat it all night 'til you had enough

You ain't never had a thug

Buss it down for a cup

Best friend said she only want a blood

You ain't never had a thug

Wait, wait a minute

Wait, wait a minute

You ain't never had a thug  
Wait, wait a minute  
Wait, wait a minute  
You ain't never had a thug[Verse 2: YG]  
You ain't never had a Blood  
Westside middle finger touch my thumb  
My Crip bitch take dick like
