Little Grace

Hippo Campus

[Verse 1]I cannot tell what you claim to see
That your heart is black, and mine is so green
Jealousy is men, someday you'll see
Oh you know, you know, you know[Verse 2]
You cry out, Eliza, you scream, and you moan
You're sick of this joyride you want to find home
Adulthood has found you scared and alone
Talk to me, talk to me, talk to me, doll
Art school girl with ignorant bliss
Peace, weed, cocaine, and mushrooms, and shit
Will bring peace on earth, someday we'll see it
Talk to me, talk to me, talk to me, doll[Pre-Chorus]
They're just pictures trapped inside of your head
They're just pictures trapped inside of your head
(2x)[Chorus]
Save a little grace for...
Save a little, save a little
(8x - continued in background after)Art school girl with ignorant bliss
Peace, weed, cocaine, and mushrooms, and shit
Will bring peace on earth, someday we'll see it
Talk to me, talk to me, talk to me, doll
