

Get Away

Fitz & The Tantrums

Fog in my light
Hole in the moon
Talking my number, silent storm through
I get a hit off
I get a kick off
Being here with you
Ohhhh

I heed the touch of the wind
Scratching on the wheels
of the burning pavement
I took control of
I wanna get off
Faster, faster, move girl!
Here I go

Wooooahhh
Come on let me hear you say
Yeaaaahhhh
The thrill has got a hold on me
Wooooahhhh
Take me on and get away
Yeaahhhh
Come on let me hear you say

Break in the road
Sun on my heels
Focus on the wild open barren spaces
I get a kick off
I get a hit off
Being here with you
Ohhhh

I feel the warmth of the rain
Dancing on the dust
of the burning pavement
I lose control of
I wanna get off
Faster, faster, watch out!

Here I go

Wooooahhh

Come on let me hear you say

Yeaaaahhhh

The thrill has got a hold on me

Wooooahhhh

Take me on and get away

Yeaahhhhh

Come on let me hear you say

And this place that I'm running to

And this feeling I'm needing you

Gets me higher and higher

It's the fast life, fast pace

Take me, take me, get away!

Wooooahhh

Come on let me hear you say

Yeaaaahhhh

The thrill has got a hold on me

Wooooahhhh

Take me on and get away

Yeaahhhhh

Come on let me hear you say

Wooooahhh

Come on let me hear you say

Yeaaaahhhh

The thrill has got a hold on me

Wooooahhhh

Take me on and get away

Yeaahhhhh

Come on let me hear you say
