

World on Fire (Live 2012)

Firewind

Recreation, Immense design then destruction too beside

Hear the past feel the truth holy boast

Dislocation, Spirits Called

Suffocation, Need Control

We rode the same through different lives

Holy Land

End, Futures holding us

And I (I set the world on fire)

I will rise through the wind

And I (I'll Set the world on fire)

Worlds collide in me

Set the World on Fire

Set the World on Fire

Deprivation, End This Void

Send a nation into a void

With just one voice, just one night

We take the base

End, Futures holding us

And I (I set the world on fire)

I will rise through the wind

And I (I'll Set the world on fire)

Worlds collide in me

Set the World on Fire X4[Solo]

And I (I set the world on fire)

I will rise through the wind

And I (I'll Set the world on fire)

Worlds collide in me

Set the World on Fire
