

# First Time Again (w/ Kelsea Ballerini)

## Jason Aldean

The mention of your name  
That's all it takes  
My heart re-breaks  
My whole world shakes  
And it's flashback driveway pouring rain  
Nothing I could do nothing I can say  
To slow you down  
And right now It's like the first time watching you walk away  
Begging baby please just stay  
Feeling every second of the clock tick by  
On an endless night  
The first time seeing you with someone new  
Dying inside trying to play it cool  
It don't matter how long it's been  
I'm always missing you  
For the first time again Yeah, it could start with an old song  
The feeling you come on  
It could be at a party  
Seeing everybody  
Ooh, and I'm right back wishing you were right back here  
Wishing that missing you would just disappear  
But it don't and it won't  
And baby here I go It's like the first time watching you walk away  
Begging baby please just stay  
Feeling every second of the clock tick by  
On an endless night  
The first time seeing you with someone new  
Dying inside trying to play it cool  
It don't matter how long it's been  
I'm always missing you  
For the first time again Oh, the first time again  
It don't let up it don't get better  
Hell it just might last forever  
It all takes me back, it all takes me back To the first time watching you walk away  
Begging baby please just stay  
Feeling every second of the clock tick by  
On an endless night  
The first time seeing you with someone new  
Dying inside trying to play it cool

It don't matter how long it's been  
I'm always missing you  
For the first time again Yeah  
Ooh, I'm always missing you  
For the first time again  
Hmm yeah  
For the first time again, yeah
