

# Push

## Pablo Bachata

I'm seeing too much of you lately  
And you're starting to get on my nerves  
This is exactly what happened last time  
    And it's not what we deserve  
    It's a waste of my time lately  
    And I'm running out of words  
        If it's really meant to be  
        Then you can find a way to say  
        That maybe you should just shut up  
            Even when it gets tough  
            Baby 'cause this is love  
        And you know when push comes to shove  
            It's gonna take the both of us  
        Baby this is love, baby this is love, love, love  
            It's really great to be with you  
            This is how I could spend my life  
        But I'm capable of taking care of myself  
        So if you fuck this up then go take a hike  
            It's a waste of my time shaking  
            I'm not going out to search  
                If it's really meant to be  
                Then you can find a way to say  
                That maybe you should just shut up  
                    Even when it gets tough  
                    Baby, 'cause this is love  
        And you know when push comes to shove  
            It's gonna take the both of us  
        Baby this is love, baby this is love  
        You and me, we can both start over  
        Just the two of us, we can get a little closer  
        So follow me, honestly and you will see  
            That maybe you should just shut up  
            Even when it gets tough  
            Baby, 'cause this is love  
        And you know when push comes to shove  
            It's gonna take the both of us  
        Baby this is love, baby this is love  
        That maybe you should just shut up  
            Even when it gets tough

Baby, 'cause this is love, this is love  
And you know when push comes to shove  
It's gonna take the both of us  
Baby this is love, baby this is love, love, love, love
