

Days Of Sodom

Dismal Euphony

(Music & Lyrics by Kristoffer Austrheim) Come alone horrid eyes

Bone from bone, sigh to sigh

In all dying there is a certain beauty

To travel the seas of temptation

And the velvet skies of pain

Sodomize the sacred in the velvet skies of pain

Lightning the fuse of death

We march towards the twilight

In apocalypse and pain

Never to see the light of day again

And when the birds of burning flesh return

Ye shall arise from the ashes, as Gods, and burn and burn...
