

# Metal Is Forever

## Primal Fear

Metal is forever, forever, forever  
Free choices always had the chance  
To play the music you like true and faithful  
You support this sound and rhythm  
You back up its future from deep in your heart  
Faster beats are pounding  
While the fans are shouting  
Metal is forever, forever, forever  
In every single matter  
Metal is forever, forever, forever  
Nations come together  
Excited, when you go to see a show  
Your feelings arise  
Committed, you became a fan forever  
Knowing the words you sing all the tunes  
Faster beats are pounding  
Glowing tubes high sounding  
Metal is forever, forever, forever  
In every single matter  
Metal is forever, forever, forever  
Nations come together  
Faster beats are pounding  
Screaming voices howling  
Metal is forever, forever, forever  
In every single matter  
Metal is forever, forever, forever  
Nations come together  
Metal is forever, forever, forever  
In every single matter  
Metal is forever, forever, forever  
Nations come together
