

Black Summer (Gomi Mastered)

[Brittany Campbell](#)

Verse 1

Black was the scene when I found out you had another boo
All of my girls told me- they told me not to fuck with you

I heard your hittin' it

Now you wanna stick wit' it

She had you kickin' it with her girls last night

And it is sickening

My head is pivotting

But I'll be chillin' by the summerChorus:

Black Summer of love

Put your game face on

Freak Out!

Black Summer of Love

Imma turn it inside out

Imma make you love me

Imma make you see

You can;t be with out me (Oh)

Black Summer of Love

Black Summer

Black Summer of Love

Black SummerVerse 2:

Many days roll by just trying to get over you

But no tears I cry, my heart already black and blue

I guess you hittin' in

Now you gotta stick wit' it

She had you kickin' it with her girls all night

And it is sickening

My head is pivotting

But I'll be chillin' by the summerChorus:

Black Summer of love

Put your game face on

Freak Out!

Black Summer of Love

Imma turn it inside out

Imma make you love me

Imma make you see

You can't be with out me (Oh)
