I Need You Tonight

REO Speedwagon

How can I show you?
I take back what I told you
'Cause something happens when I hold you
And that makes everything all rightAnd, oh, I need you tonight
I just need you tonight
I wrote all I can write
I just need you tonight
I need you tonightSecrets I keep here
Buried so very deep here
If only somehow you could sleep here
You'd make everything all rightAnd, oh, I need you tonight
I just need you tonight
I wrote all I can write
I just need you tonightOh, I need you tonight
I just need you tonight
I wrote all I can write
I just need you tonight
Oh, I need youOh, I need you
