

White Knuckle Ride (Alan Braxe Remix)

Jamiroquai

Yeah gonna make it better.
Ooohhh yeah
Yeah gonna make it right.
Here it is
There's a way to make it better.
It gets you down.
It's the pressure (pressure).
I'm serious
Trouble genies (??) on the way.
Got a little something for ya
It's the pressure (pressure)
It gets ya. Now it really ain't what you know [??]
But I'm giving it away.
I can't let this pressure go.
This pressure's here to stay, yeah. [Chorus]
Yeah (white knuckle ride)
Gonna make it better (white knuckle ride, I'm on it baby)
Ooh baby.
Yeah (white knuckle ride)
Gonna make it right (white knuckle ride, I'm on it).
It's not so easy to control (pressure)
It's not so easy to control (pressure)
There's always an easy way to make it better. There it is, there it is
Couldn't change it if I wanted
Can taste it all the time, it's the pressure (pressure).
Yeah hey, oh baby
Say we're two alike [??]
Don't know if I can recover (don't know if I can recover)
Got me 'round it's little finger (got me by it's little finger)
Pressure (pressure). Whoa whoa whoa
There it is
Couldn't change it if I wanted to taste it all the time.
So return to life [??]
Don't know if I can recover when I taste it all the time
Taste it all the time yeah [Chorus: repeat x2] Took a white knuckle ride baby
