Nothing Left (feat. Will Heard)

Kygo

Tell me that you need me
To help you find a way
To all of this madness
Can now be your light of dayPlease, won't you believe me
Even if you don't agree
Know that i am trying
To help us all break freeThere be nothing left for no one, no
There be nothing left for no one
If you don't stop
Living your life
Turn to one side, with a blind eye
There be nothing left for no one (for no one)I'm saying that i'm sorry
For things i've said and done
But i don't want to be here
If i'm, i'm looking down a gunThere be nothing left for no one, no
There be nothing left for no one
If you don't stop
Living your life
Turn to one side, with a blind eye
There be nothing left for no one (for no one)
(Left for no one, left for no one, left for no one)
There be nothing left no one (for no one)
