

# You Don't Mess Around With Me

[Waylon Jennings](#)

I blew in from Texas and you don't know who I am  
Most of you could care less and the rest don't give a damn  
But you might take special notice when you take a look at me  
I'm everything you've ever been and ever want to be  
My game is the winner take all, I live on the edges  
So I'm subject to a fall, I ain't never been a loser  
I ain't never gonna be, I'm like runnin' in a ringer  
You don't mess around with me  
I've got money in my pocket, I've got money in the bank  
If I look like a poor boy, I've got much more than you think  
I got a woman on my right arm woman on my left  
When it comes to women, Lord I just can't help myself  
I know it's not the right thing to do but I could never  
change  
Even if I wanted to so if you are a lady  
And if you always want to be, I'm a living lovin' legend  
You don't mess around with me
