(Empty) Tankard

Desolator (UK)

Drinking and fucking through the whole night long
Partying with friends 'til fucking dawn
Let's go thrashin' and stagedivin'
Feel the power and sound againWe want to drink some fucking beer,
we want to drink some whiskeyFrankfurt's thrashers will rule tonight
They're well known for their bloody fight
Wodka and Cognac are our leaders
We've the best, we fuck the fuckin' restEmpty TankardWe have come to slamdance tonight
Bangin' and bleedin' till the fuckin' end
Playing fast and running free
Stand up maniacs, you have to fightWe want to drink some fucking beer,
we want to drink some whiskeyLiver is broken down so bloody hard
I keep on drinking until I drop
Bang your head against the fuckin' wall
Show the damned whimps who we areEmpty Tankard
