Spalding Rockwell - Vicious lyrics

( you wanna get me?!, you wanna get me?!, come on and get me!, you wanna get me?!)

i.....i

She wants her hair down, she wants it by now

She cannot let you, but you wont get him

And i wont send you..... and i wont send you bree

He's breaking the nine, breaking the line, nothing to say to me

And im open and wide, giving you time, how could you lie to me?

And he's sucking to try, sucking goodbye, sucking what it pays to be

And im keeping his eyes out of the way, keeping his eyes from me

She wants her hair down, she wants it by now

She cannot let you but you won't get him

And i wont send you....and i won't send you bree

( and he's stealing the night, and im hoping you try to cover your eyes, let it get away from me )

And he's sucking to hide, sucking inside, sucking the race out of me

And im keeping his eyes out of the way, keeping his eyes from me

( time is waiting for me, years so i could be, speak to me in the night, watch and see! )

He's found a way into the night, and taking all day

Time is waiting for me, years so i could be, speak to me, speak to me, speak to me in the night( you wanna get me?!) and watch and see

He's turned away into the night( you wanna get me?!) and taking all day!

She wants her hair down, she wants it by now

She cannot let you, but you wont get him

And i wont send you...and i wont send you bree

He's so addictive, that's part of going vicious, and why is he blowing kisses at me?

Why is he so delicious, and why is he always missing, and why is always looking at me?

( come on and get me!!!!) ( come on and get me!!) ouuu ouuu  
speak to me! speak to me! Ouuu speak to me! ( you wanna get me?!) ( come on and get me!!)
