

I Gotta Go

Robert Earl Keen

Ain't got time to shoot the breeze,

Got no time to blow,

Excuse me mister if you please, I gotta go!

I was born in the morning on the day of the dead in a bombed out bungalow. my momma kissed me on my cheek
and said:

I gotta go!

Chorus:

I gotta go somewhere,

I gotta go

aint got time for standing standing here,

I gotta go!

They put me in an orphanage west of Tupelo

I told em when I burnt that bridge,

I gotta go!

Stole a car...

got a gun robbed the hidey ho

I left Memphis on the run...

I gotta go!

Chorus:

I gotta go somewhere,

I gotta go

aint got time for standing here,

I gotta go!

...I turn that volume and do some

They tracked my down and took my tail

Brother don't you know

...I gotta go!

Chorus:

I gotta go somewhere,

I gotta go

We're wasting time standing here,

I gotta go!

.in case you didn't hear,

I gotta go!

. the very last words, sir

Say em nice and slow,

My last words on this planet were...

Chorus:

I gotta go somewhere,

I gotta go
We're wasting time standing here,
I gotta go!
