Soar

Jay Venom

Make the time to say goodbye.
I never want to see you cry.
I wonder if you'd even care.
If I left this world.

Cuz when I feel so weak
that I cannot breathe.
I crumble right down to my knees.
and then a voice inside my head so clear
says dont give up ill be right here.

Soar(x2)

Above all the fears that take over my mind.
My mind.

Soar(x2)

When the road gets rough ill get back up
and soar.

Dont you ever think that you, will never ever
make it through. Someone knows how you feel inside.
and you dont ever have to hide.

Cuz you are worth so much more than gold.
You have a purpose to unfold.
And for the things that you have gone through
will help someone find the truth.

Soar(x2)

and Above all the fears that take over my mind.
My mind.

Soar(x2)

When the road gets rough ill get back up
and soar.

Make the time to take that chance.
To help someone when they need a hand.

Soar(x2)

Above all the fears that take over your mind.
Your mind.

Soar(x2)

When the road seems rough ill get back up
and soar.
