## Los Lonely Boys

These nights, I spend alone  
Are hard to carry on  
I can't do this on my own  
And it hurts me when I'm gone  
'Cause I got everything  
That a good man will ever need, oh  
Oh, I'm praying every day  
Lord, take this pain away  
Please help me to be strong  
Help me find my way back home  
'Cause I have everything  
Waiting there for me  
I'm lost, I'm lonely  
And there's only one way home  
I hear You calling  
And You're calling me back home  
I'm coming home  
All I want is for my heart to be  
Filled with love and not with misery  
If home is where they say your heart will be  
Then I never wanna leave, oh  
I'm lost, I'm lonely  
And there's only one way home  
And I hear You calling  
You're calling me back home  
I'm lost, I'm lonely  
And there's only one way home, yeah
