

# Wrong Turn

J. Holiday

I got a devil and an angel on my shoulders  
GPS actin up, which house I'm bout to go over  
Is it mine or my baby?  
Is it her? My other lady  
I guess we bout to find out right about now Now I'm in the whip  
Tell my girl I was on the way over  
My side chick's callin me  
Begging me to come over  
She said it's been a minute, she's feelin the get good  
Got both over my home, waiting for me naked  
Could've went to the left  
But I made that right  
Should've went to the left  
Damn, I know that shit ain't right  
Yea, I know (I know)  
I know (I know)  
Now I know (Now I know)  
I made the wrong turn  
I knew I should've took my ass home  
When am I gon learn?  
When am I gonna learn?  
I made the wrong turn  
Knew I should've took my ass home  
When am I gon learn?  
I know I took the wrong turn (wrong turn)  
Got a condom on that nightstand  
Damn I should've used it  
Said she was on the pill  
And I'm the only one she's...  
And I (and I)  
Pulled out (Pulled out)  
So I  
I thought I was good  
24 hours with no plan B  
Two weeks later she end up callin me  
Slangin my dick around  
So carelessly  
9 months later  
That kid looked just like me

Should've went to the left  
But I made that right  
Getting up to the left  
And it changed my life  
I know (I know)  
I know (I know)  
Now I know (Now I know)  
I made the wrong turn  
I knew I should've took my ass home  
When am I gon learn?  
When am I gonna learn?  
I made the wrong turn  
Knew I should've took my ass home  
When am I gon learn?  
I know I took the wrong turn (wrong turn)  
How the hell am I gon explain it to my girl?  
When I just told her I'm not ready to bring kids into this world  
I know she gon lose it  
Burn up all my clothes  
Fuck me up  
And beat up that, beat up that  
And she done put up with my shit forever  
But she ain't bout to be disrespecting, never  
I done fucked up  
But it's too late  
Gotta man up  
I made the wrong turn  
I knew I should've took my ass home  
When am I gon learn?  
When am I gonna learn?  
I made the wrong turn  
Knew I should've took my ass home  
When am I gon learn?  
I know I took the wrong turn (wrong turn)
