

Empire Ants (Live on Letterman) ft. Little Dragon

Gorillaz

Oh joy's arise
The sun has come again to hold you
Sailing out the doldrums of the whole week
The polyphonic prairies here, it's all around you
It's all around you, out here And if the whole world is crashing down
Fall through space out of mind again
Where the emptiness we leave behind on warm air rising
Blows all the shadows far away The falling alcohol empire, is here to hold you
Rolling out and haunted 'til it sleeps Little memories, marching on
Your little feet, working the machine
Will it spin, will it soar
My little dream, working the machine Soon like a wave that pass will fall
And closing in on you they're going on Little memories
Your little feet, working the machine
Will it spin, will it soar
My little dream, working the machine Soon like a wave that pass will fall
And closing in on you they're going on
