

# Coffee Mug

## As I Lay Dying

Mug mug mug  
Coffee mug  
Gonna clear the haze  
Liquid proof  
That I can win this race  
Coffee mug  
The grip that keeps me tall  
My inter-link  
Keeps me questing all  
I don't need no booze or drugs  
I just chug-a-lug-o my coffee mug  
And I don't need no kiss and hug  
I just chug-a-lug-o my coffee mug  
They haven't banned  
My liquid drug of choice  
There's too may hooked  
And they've got too much voice  
So for the moment  
We're all pretty good to go  
With 98 cups  
With 98 more to go  
Chorus  
Here a bean, there a bean  
Everywhere a mean mean  
Bean Chug-a-lug-o, my  
Coffe mug mug mug mug
