

Taper Jean Girl

Kings of Leon

Aha shake, taper jean girl with a motel face

Aha shake, bury your eyes in a secret place

Aha shake, black as night on a SundayCunts watch their bodies, no room for make-up

I think he's tasted, tasted the watcherHeartbreak knockin' 'em down like the seventh grade

Heartbreak, cigarettes and song with a winter's chafe

Heartbreak keep like my daughter and a run awayCunts watch their bodies, no room for make-up

I think he's tasted, tasted the watcherAha shake, tapered jean girl kills meCunts watch their bodies, no room for
make-up

I think he's tasted, tasted the watcher
