

# Show A Little Faith

## Charlotte Church

Well I don't really mind  
Where you want to go  
'Cause everybody sometimes  
Feels the need to be alone  
Now it's a temporary breakdown  
When there's nothing left to say  
Show a little faith now  
'Cause everything's gonna be ok Well it should come as no surprise  
When you're dealing with the truth  
It should be a state of mind  
Or another point of view  
So if your confidence is shaken  
I can promise it won't break  
You gotta show a little faith now  
'Cause everything's gonna be ok When nothing's making sense  
And the questions never end  
You gotta let it go  
Every now and then  
I can't pretend  
But in the end I say that I don't know  
And do you believe in miracles?  
I hear they happen every day  
And if you believe in them  
We can walk on water Well I don't really mind  
Where you want to go  
'Cause everybody sometimes  
Feels the need to be alone  
It's a temporary breakdown  
When there's nothing left to say  
Show a little faith now  
'Cause everything's gonna be ok Where you go  
What you find  
Will remain or pass us by  
Some will climb  
Some will fall  
Some will rise above it all Promises you make or break  
Gone tomorrow, here today  
Let it pass  
Let it wait

Turn around and walk away When nothings making sense  
And the questions never end  
You gotta let it go  
Every now and then  
I can't pretend  
But in the end I say that I don't know  
And do you believe in miracles?  
I hear they happen every day  
And if you believe in them  
We can walk on water Well I don't really mind  
Where you want to go  
'Cause everybody sometimes  
Feels the need to be alone  
Now it's a temporary breakdown  
When there's nothing left to say  
Show a little faith now  
'Cause everything's gonna be okay
