

Second Heartbeat (Karl Kling remix)

Shy Girls

Had enough conversation
I don't want to hear your "Please, no"
So much indignation
How am I supposed to sleep?'Cause I finally, finally
Can't get all the falsities
I'm moving on now
I won't have to see your face around I'm not gonna wait for you to change when you want to
In a second heartbeat
I'm not listening to you spin like a used to
In a second heartbeat
So much still to say
But not enough time to waste on you
So many holes to fill, ways to give
But not enough time to waste on you 'Cause I finally, finally
Can't get all the falsities
I'm moving on now
I won't have to see your face around I'm not gonna wait for you to change when you want to
In a second heartbeat
I'm not listening to you spin like a used to
In a second heartbeat I'm not gonna wait for you to change when you want to
In a second heartbeat
I'm not listening to you spin, I'm not
In a second heartbeat
'Cause I finally, finally
Can't get all the falsities
I'm moving on now
I won't have to see your face around
