Where Are We

Jack Drag

Where are we
Found you racing
I could be
Most anything

I don't want our lights to erase
Looking again away
Is she gonna race him to my eyes
Are we both gonna sleep

Where are we
Found a new friend I fear
I could be
Most anywhere

I don't wanna race with you all night
Well look at me I'm driving scary

Are we gonna cross the same line
You and I
Should know

Where are we (I should have slowed it down)
Found a new friend I fear (Oh no no no)
(I don't want our lights to erase)
I could be
(Looking again away)
Most anywhere
(Is she gonna race him to my eyes)
Where do we
(Are we both gonna sleep)
Fit into this thing

I could be
Most anywhere
Fear of speed
How will we ever know?
