

Lost In Love

MC Magic

oohhh how you doin sweetheart
hey uh you kno these last few months weve ben togetha
have been so right
and im just so happy for what we shared
ive been wondering how do you feel?
girl: i wanna get lost in love with you (oh yeah)
and do all the things you want me to
coress your body touch you so cuz
boy i love you so (and i love you to baby)
i wanna get lost in love with you
do all the things you want me to
coress your body touch you so because boy i love you sooo

boy: the love we shared something so especial estar contigo
is al i wanna do every night ever since el primer dia
the first day i knew it last forever if i had it my way
so the days go on no hago otra cosa
but dream about the moments are hearts will come closer
holding tu mano and your face stan bonita
i never met another young lady seniorita and
that is why i gotta say that your the best
a million and one ways just to express mi amor
i kno that we wil be together so sing to me baby and sing forever.

girl: i wanna be with you always together forever
til our ending days hold me baby dont let go
making love like never before.
i wanna be with you always together forever
til our ending days hold me baby dont let go
making love like never before

boy: making love in the night time walks and romance
im telling you hermosa my heart is in a trance
they say that true love is so hard to find
i thank the man up above for making you mine
talking on the telephone sending you kisses
a dozen of roses just to say that i miss you
the warmth of your body right next to mine
eres tu la mejor like a toast of fine wine

out to the movies maybe sharing some ice cream
si estoy dormido dont wake me from my dream
todo lo que quiero all i need is your affection
my life was fine but you brought perfection
now we sit here just holding hands
whispers in my ear tell me that ill be your man
today manana in a paradise for two
i feel the same way cuz im so in love with you

girl: i love the way you make me feel
my love for you is oh so real embrace my body
touch me softly love me til the morning
i love the way you make me feel
my love for you is oh so real
embrace my body touch me softly
love me til the morning

boy: you know that the love we shared is something so special the tenderness i just dont know what to say girl
would you sing to me one more time do it like this come on

girl: i wanna get lost in love with you
and do all the things you want me to
coress your body touch you so
cuz boy i love you so i wanna be with you always
together forever til our ending days
hold me baby dont let go
making love like never before.
