David Allan Coe And Pantera

When you're young
You wanna believe
Believe in love
Believe in everythingTime
Seems to be on your side
When you're young
And in loveTime to move along, baby
I've got this feelin'
Something's going onI can't make my mind up
When I do
I tell you, baby
I'll be through with youI feel a heart ache comin' on
I feel a heart ache comin' on
I feel a heartbreak
And it's coming on strong
