## David Allan Coe And Pantera

When you're young  
You wanna believe  
Believe in love  
Believe in everything  
Time Seems to be on your side  
When you're young  
And in love Time to move along, baby  
I've got this feelin'  
Something's going on I can't make my mind up  
When I do  
I tell you, baby  
I'll be through with you I feel a heart ache comin' on  
I feel a heart ache comin' on  
I feel a heartbreak  
And it's coming on strong
