

# Leavin' Made Easy

[Sammy Kershaw](#)

[Chorus]

You oughta write a book called leavin' made easy  
Cause you do it so well  
Step by step instructions  
On how to turn heaven into hell  
It would be a million seller  
And this critic would agree  
If you really want to break a heart  
Just read leavin' made easy

You gave me all the standard reasons  
The required tears  
Grabbed your coat, picked up your suitcase  
Simply disappeared  
And just as easily  
As you made me fall  
You took this lovin' heart and nailed it to the wall

[Chorus]

I still hear those tires squealin'  
As you made your run  
You took the hardest part of leavin'  
And made it look like fun  
And like a harlequin romance  
I thought we'd love on and on  
But you just wrote me off and I guess I read you wrong

[Chorus]
