Talk To Me

Ringside

I?ve got a feeling
You?ve been so confused
There?s something that you?ve been fighting
Deep inside you
I know you got some damage
I know what you?ve been through
But there?s nothing I can?t manage
I?m gonna take care of you
Talk to me
Oh, you seem a little nervous
Baby, you ain?t alone
But lady, I?m at your service
So, c?mon let me take you home
Talk to me
