

# Emotional

## Loverboy

Yeah

I can't promise you pearls and diamonds, I got no Rolls Royce  
And you know it's a good thing if I give you any choice  
But you've heard all this before hand, now baby won't you dry your eyes

And take some disappointment from our lives  
And it's a delicate situation, I'll be a gentle as I can  
Seven long years of rock and roll should show you where I am  
But you heard all this before hand, about the things that I don't do

We're gonna make it by this time, it's up to you  
And you know you're so emotional

You're so emotional

You never use your head, give your heart a rest

You're so emotional

Yes, you know you're so emotional, emotional

So god damn down right emotional

Now use your head, give your heart a rest

So emotional

You're so emotional, yeah, you're so emotional

You never use your head, give your heart a rest

You're so emotional

You're so emotional, emotional

I guess that's why I love you so

You never use your head, give your heart a rest

You're so emotional

And you know you're so emotional, emotional

So god damn down right emotional

You don't use your head, give your heart a rest

You're so emotional

You know you're so emotional

You're so emotional

We got no place left to go

Sit on by and

I never need a drink

I ain't got no time to think

Well, I never need a drink

And I ain't got no time to think, baby

In the dark I need to smoke

And it ain't no joke

And I ain't got no time for me to think, 'bout you baby

Yeah, yeah, yeah, my baby

You're so emotional, emotional

You're god damn down right emotional

Use your head, give your heart a rest

[Incomprehensible]
