This River

Bigga Bush

Oh this river, oh this river runs
Oh this river, oh this river runsI can't take my heart away from you
You are in my soul
I can't tame this love I feel for you
Can't escape what is meant to beIt's endless as the Heavens it's timeless and it's strong
It's faithful as an Angel it's right there right or wrong
There's no end to this emotion
It goes on and onThis river runs, this river runs so true
This river runs, this river runs to you
This river's deep as the ocean
And runs on blind emotion this river runs oh yeahYou're every beat within my heart
You are in my blood yeah
And nothing could keep me from your arms
Where you are is where I'll always beAs long as there are mountains and stars still fill the sky
As long as there's forever I'm right here by your side
There's no end to this emotion
Till the end of timeThis river runs, this river runs so true
This river runs, this river runs to you
This river's deep as the ocean
It runs on blind emotion this river runs oh yeahThis river runs oh so deep within my soul
And it flows forever
And for the rest of all time it will be there
Always be thereThis river runs, this river runs so true
This river runs, this river runs to you
This river's deep as the ocean
Runs on blind emotionThis river runs, oh this river runs
River runs the rest of all time
And it goes, just goes on
This river runs, this river runs
This river runs, oh this river runs to you
