

Indian Giver

The Shoe

Oh dear what a gosh little good Indian you made out of me
Oh dear oh gosh oh get real good you made me feel free
What an Indian rap, little puppet I became
What an Indian rap, little gift you gave
What a little Indian rap lover I became
So rose in the checks of bearing my navel
Bearing my navel
Bearing my navel
Was bearing my navel
To the whole wide world Oh gosh oh crap can't get you out of my head what an Indian I became
Like it or love it, go out and give it, oh my god I'm an Indian lover
Under the Indian covers
What a womanizer
And an Indian giver Cry, all day
all night
Cry, all day
all night Oh gosh oh crap can't get you out of my head today
Like it or love it, go out and get it, oh my god I'm an Indian lover
Under the Indian covers
What a womaniser
And an Indian giver
