Wait For Love

Josh Ritter

Wait for love [Repeat: x2]
I got someone on my mind
And she don't make me wait the way you do
But time
Oh she holds me all the time
And she don't make me wait the way you doWait for love, Wait for love
Sometimes babe we all have to wait for loveI got someone on my mind
And she holds me pretty much the way you do
But time She holds me all the time
And she don't make me wait the way you doWait for love, Wait for love
Sometimes babe we all have to wait for love [x2]
