Secret Lover

Danity Kane

If I give you my love
You gotta keep it cool
Don't you go running your mouth
It gets hard to trust
And I got a lot to lose.
But don't make me regret what we do.It feels so good
Whenever you kiss me there.Let's make a move. Yeah
Make sure no one's watching, yeahWe do everything
Here behind closed doors
Make sure the blinds are shut.
So I can be a secret lover.
If we do this now.
You can tell us soul.
Wanna be your secret lover.
Can I be a secret lover?When they rock it they flash
It's only me and you
But make sure that you hold your ground
I hope that you pass the test
I really wanna trust you, yeah
If feels so good, whenever you kiss me there.Let's take a moment
Make sure no one's watchingWe do everything
Here behind closed doors
Make sure the blinds are shut.
So I can be a secret lover.
If we do this now.
You can tell us soul.
Wanna be your secret lover.
Can I be a secret lover?Girls have its way, oh never
I'm giving into you
Giving into you, baby
Just hold me close boy.
Has to know what we doWe do everything
Here behind closed doors
Make sure the blinds are shut.
So I can be a secret lover.
If we do this now.
You can tell us soul.
Wanna be your secret lover.
Can I be a secret lover?
