

The Closer (Instrumental)

VIXX

Thing about love Half covered look, remains a charming
over the secret mood
There are only lots of secrets Baby
With drowsy eyes, Say somethin'
I can get your point of course
Only I canoh whoa whoa
That's no no boy
She's so arrogant
But I like even that attitude
Competitive sprit wakes up again
I can't even spare one second right now
Whoever would want you Getting closer
I push everyone and monopolize you
Nobody can keep an eye on you
Approach to you without space and hug you
Everyone is gazing us blankly Let me control you uh, I'll open your sense
Let me control you uh, Trust only my eyes
Stuck in the time, Dance with me
Filled right up to the end of chin, Breathe on me
Let me control you, Let me uh The path to you over the opened lips
The sense catches my eyes fluently, Baby
With listless voice, Say somethin'
It's something special, in my ear talk low One, Two, Three and Four
From the breathing getting heavier
The color of our love is getting thicker There is a sharp part in the 'tictoc tictoc Rhythm'
Because it'll run away if I hesitate Come on over
I'm the winner who will take you
Don't need to be introduced
Close your eyes for a while
And touch some part of me with your hands Let me control you uh, I open your sense
Let me control you uh, Trust only my eyes
Stuck in the time, Dance with me
Filled right up to the end of chin, Breathe on me
Let me control you, Let me uh I'll control everything (Everything)
You day and night (Everyday)
Nobody can be mixed with your mind I'm Lookin' for girl Lookin' for love ay
I'm Lookin' for u and Lookin' for me
Now you can feel
I'm different from others

Even I don't tell, you already felt me
Follow me, you can totally let me control you Pull, pull you to me
Tie, tie you to me
Hold you tight The thing about love, I'll close your doubt
The thing about love, I'll give you something you've never experienced
When the storming night is gone
It will be disappeared with me
Let me control you, Let me uh (Let me)
