Confession

Chris de Burgh

I got a confession to make
I can't get you out of my mind
And what an impression you made
When I saw you for the very first time
When I met you with your boyfriend then I knew right away
He wasn't the right one for you
And the way he made you cry, you knew it too.
I got a confession to make
It was me that sent the rose and champagne.
And when I came to your rescue, you gave me your number that day
So when you told me on the phone you're alone again.
You'd love to have me around to your home someday
Well I'm waiting, waiting for you
And I will get down on my knees
And I'll beg you, darling, please
Don't keep me waiting here so long
Because I've got an aching heart
And I want to make a start
So let's just see how far we can go
I've got a confession to make
I can't get you out of my mind
No obsession to say it,
But I've got to get you into my life
I will be there in the morning, walking down your street
We're both looking now for a chance to meet
Because you told me, you're wanting it too.
So I will get down on my knees
And I beg you, darling, please
Don't keep me waiting here so long
You say you've got an aching heart
And that you want to make a start
So let's just see how far we can go
I've got a confession to make
I've got a confession to make
I've got a confession to make
I'm falling in love with you
With you
