Love Unchained

[Billy Idol](#)

They say all life will end one day
And friends, yeah, forget and die away
Well, if fate is cruel and dims the light
Our love, c'mon, yeah, shine on for alright
But oh, if you're lonely or you're so blue
It's here inside saying, yeah
Man for woman
Love's unchained, oh yeah
Man for woman, it's insane, well
That's right, I gotcha
Times, precious times
I've lost what I was looking for
And I can see it's true
A change had to come
Well, baby, I was lonely, oh yeah
So blue, looking at you
And you're wanting me
Man for woman, love's unchained
Oh, c'mon walk with me, baby
Man for woman, it's insane
It's insane, love's unchained
Oh, yeah, love's unchained
Well, I want to greet you

Believe me, I wanna touch too, oh yeah
Oh yeah, man without woman
It's a lost lonely time
For love, it can be broken
Yes and love made unkind
It's right here
If you're lonely c'mon baby
Yes and so blue
It's right here, c'mon
And it's wanting you, say yeah
Make love with me, baby
Man for woman
Love's unchained oh yeah, c'mon
I said love still the outlaw
Hey, c'mon, baby, I said, c'mon

I was lost without a woman
But you can see me and I'm found
Never in vain, there's no shame
I cast no blame, c'mon
Love's unchained, yes mama, ooh
Make love to me, baby, ooh
Make love to me, baby, ooh, yeah
Make love to me, baby
