

# Thoughts About Roxanne

John Mayall

I call her on the telephone  
But she is hardly ever home  
I know shes gotten a lovin man  
And so I see her when I canRoxanne will always be my friend  
And thats the way Ill keep her loveI think shes pretty as a rose  
I take her out and buy her clothes  
Id like to take her home with me  
But I must wait until shes freeRoxanne will always be my friend  
And thats the way Ill keep her loveI love to touch her when we walk  
I love to listen to her talk  
The way I feel I cant explain  
But I will wait for her againRoxanne will always be my friend  
And thats the way Ill keep her love
