

# Katie

## Kate Alexa

Katie likes to run around  
In cotton panties and a crown  
She driving all the boys insane  
    Suckin' on a candy cane  
She likes to play the tambourine  
Her favorite color's army green  
    She's a vegetarian  
    She's a lovely loaded gun  
    Katie has a way  
    Of seeing things  
    That everybody else  
    Is just afraid to dream of  
    It's funny how it seems  
    But when you look at her  
    I swear, you see love  
She wears diamonds oh her toes  
She lets her belly button show  
She puts perfume in her hair  
You don't look at her, you stare  
    Katie has a way  
    Of seeing things  
    That everybody else  
    Is just afraid to dream of  
    It's funny how it seems  
    But when you look at her  
    I swear, you see love
